

"General power of attorney" or "general power of attorney with care directive"

General information:

In cases where persons register with a general power of attorney or a general power of attorney with care directive in order to make claims on behalf of the person being cared for, the caregivers must transmit the general power of attorney or the general power of attorney with care directive. This is considered proof that the person can assert the claims.

How to register:

- The person that gave a general power of attorney or a general power of attorney with care directive must be registered as the primary person.
- The person that received a general power of attorney or a general power of attorney with care directive must be added to the registration with the option: "Person hinzufügen" (see below).
