

## People are heirs.

### General information:

If the Wirecard securities in question are part of an (undivided) inheritance, further documents are required in addition to the usual documents (see also the FAQ question 'What information/documents do I need to submit to prove my claim') in order to assert an heir's claim. In order to prove that the Wirecard Securities were inherited, the heir would need to submit either (i) a certificate of inheritance or (ii) the court order granting probate and the notarized will. If the Wirecard securities belong to an undivided community of heirs, the participation agreement and the powers of attorney must be signed by all heirs. The reason for this is that the community of heirs as a community of joint heirs has legal capacity and is entitled to make claims. The heirs can only jointly choose the foundation solution.

### Step by step how to register:

- The heir must be registered as the original registrant.
- The heir must upload either (i) a certificate of inheritance or (ii) the court order granting probate under 'Sonstige nachweise' in the dashboard (see below).

#### Sonstige Nachweise

 No file chosen 

- The heir must upload the notarized will under 'Sonstige nachweise' in the dashboard (see below).

#### Sonstige Nachweise

 No file chosen 

- If the Wirecard securities belong to an undivided community of heirs, everyone within the joint heir must be added using the 'person hinzufügen' option (see below).

### Werden die Wertpapiere in einem Depot gehalten, für das zwei oder mehr Personen berechtigt sind?

Person hinzufügen

(See next page for more information).

- The powers of attorney must be signed by all heirs. The reason for this is that the community of heirs as a community of joint heirs has legal capacity and is entitled to make claims. The heirs can only jointly choose the foundation solution.
