

Registering your child on the platform.

General information:

Since children themselves are parties who are represented only by their parents, they must be registered themselves with a separate email address. Until now, there was an age limit of 18 years for registration on the Foundation page. Therefore, parents previously had to "age up" their children and make this clear with an email. This age limit has now been removed, so that minors can also register regularly with the correct age. When signing the power of attorney, it is important to ensure that both parents with parental authority sign the document. Furthermore, the child's birth certificate must also be uploaded to the portal under the first claim as proof of legitimacy, so that it can be verified that the parents may sign the power of attorney. In addition, a copy of the child's identification document must be uploaded.

Step by step how to register:

- Each child must be registered as the original registrant. Please note, each child must be registered under a different e-mailadress.
- Both parents with parental authority must be added using the 'person hinzufügen' option (see below).

Werden die Wertpapiere in einem Depot gehalten, für das zwei oder mehr Personen berechtigt sind?

Person hinzufügen

- Both parents with parental authority must sign the hard copy PoA (see below).

This document must be signed with original "wet-ink" signature. / Die Unterzeichnung muss mit einer handschriftlicher Original-Unterschrift erfolgen.

Sign here with "wet-ink" signature / Hier mit Original-Unterschrift Mandaten

**Bitte senden Sie das unterzeichnete Dokument an die folgende Adresse:
Please send the signed document to the following address:**

Nieding + Barth Rechtsanwaltsaktiengesellschaft
An der Dammheide 10
60486 Frankfurt
Germany

- In addition, a copy of the childs identification document must be uploaded under "Sonstige Nachweise" in the first transaction (see below).
